3 DISABILITY JUSTICE PRINCIPLES FOR EMANCIPATION

01 **Interdependence** - We meet each others’ needs as we build toward liberation, knowing that state solutions inevitably extend into further control over lives.

02 **Collective Access** - As brown, black and queer-bodied disabled people we bring flexibility and creative nuance that go beyond able-bodied/minded normativity, to be in community with each other.

03 **Collective Liberation** - No body or mind can be left behind – only moving together can we accomplish the revolution we require.
